YOU'VE GOT A NETWORK

About UNC

The United Network of Churches (UNC) is a network of churches, church professionals and marketplace services that connect to support senior pastors and their churches. We provide pastoral support which includes: monthly webinars (45-minutes with Q and A), soul care, and vision planning. UNC's resources for church development entails: campaign and program planning, staff trainings, and organizational management.

UNC realizes that unity may be a challenge for many churches who are accustomed to existing and operating independently. It is in Christ that we UNITE; therefore, we focus on the life of Jesus Christ, as our perfect example, and the model He left us for church development and growth.

The adherence to and practice of these Christian principles will foster maturity to ensure that every church connected to the United Network of Churches measures up to the fullness of Christ.

"Till we all come in the unity of the faith, and of the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fulness of Christ" - Ephesians 4:13

Greetings,

It is my delight to introduce you to the United Network of Churches (UNC). I am truly excited about your interest in connecting with our organization. UNC is a support for senior pastors and their leadership teams to equip them with tools that are essential for their church's development and expansion. Here at UNC we stand on the pillars of Relationship & Resources.

As a senior pastor - with over two decades of experience in the intersection of ministry and the marketplace - I have identified and executed strategies, as well as, implemented services that have catapulted my ministry and businesses. As the visionary of UNC, I endeavor to provide resources and impart wisdom to senior pastors and their leadership teams.

I invite you to either connect or covenant with me in this network. As a connection partner, you will be supplied with tools that will help you and your church advance to the next level. On a more intimate level, a covenant partnership affords you the opportunity to receive:

- Apostolic oversight (spiritual covering)
- Personal advice and counseling
- Quarterly face to face meetings
- Crisis intervention and prevention (church sustainability plan)
- All the benefits of the connection level partnership

Whether you choose to network as a connection or covenant partner, I welcome you, and I believe you will be enriched as a leader, and your church will be greatly impacted with Kingdom success.

In Kingdom Excellence,

Jonathan I. Shaw
